

Süleyman Demirel University Social Contribution Policy

Social Contribution Policy of Süleyman Demirel University has focused on developing and sustaining various social contribution activities carried out in all units which carry out education-training and research-development activities.

The Purpose of Social Contribution Policy is to ensure;

- Encouraging the production of projects which will increase social sensitivity and social awareness for all segments of the society in cooperation with Non-Governmental Organizations (NGO)/Sector and other legal/individual organizations,
- Encouragement/development of projects to increase research activities of Research and Application Centers in cooperation with Sector/NGO,
- Developing/promoting joint projects with Industry/Sector cooperation for solutions at the national level, especially locally and regionally,
- Recording the local cultural heritage and regional memory with aim of sharing it with the society,
- Contributing to the development of the society in the fields of health, sports, social, cultural, education and environment,
- Observing social equality with services for disadvantaged groups,
- Organization of activities and events such as training, conferences/seminars that will increase social awareness for all segments of society.
